Summer Classes

If you are currently taking August intersession courses, please make sure you keep up with your classes. The class sessions will be longer, but the pace is much faster. If you miss a day, excused or not, you WILL be behind. Tutoring services are still available in the summer, but it would be better for you to visit the office hours of your instructor. He or she will ultimately be grading your work, so going to them for help will be more beneficial.

If you have any questions or need advice on summer classes, stop by the Diversity Programs Office in Waters 139 anytime.
