

Farm & Agribusiness Management

Contact: Taylor Belle Matheny, tmatheny@ksu.edu

Location: Remote/Virtual

Contest Date: Monday, May 3rd, 1:30-3 p.m.

General Information

Teams of four can compete with the top three scores counting for team total.

The Farm & Agribusiness Management event will have one part:

Several problems designed to determine the team member's ability to apply economic principles to solving agribusiness type problems. The test will include multiple choice, numerical calculations and true/false questions. This part will include questions similar to previous years tests available on the website. Students will have 1 hour and 30 minutes to complete the exam.

Team members will work as individuals on all portions of the exam. Contestants may use calculators. Cell phones and cell phone calculators will not be allowed. Use of other materials is prohibited – computers, books, etc. A coin toss will be used to break scores.

The Farm & Agribusiness Management CDE Contest Exams from previous years are available on the Department of Agricultural Economics website. The following options will help you locate the exams:

Direct link to the exams

[Http://www.ageconomics.k-state.edu/undergraduate-programs/student-organizations/ffa-contest/index.html](http://www.ageconomics.k-state.edu/undergraduate-programs/student-organizations/ffa-contest/index.html)

Steps to locate the exams

1. Visit the K-State Department of Agricultural Economics website at: <https://www.ageconomics.k-state.edu/>
2. On the left side bar, click on the tab “Undergraduate Student Programs”
3. On the menu that pops up, select “Student Organizations”
4. Click on the option labeled “FFA Agribusiness Contest”

Tests and keys can be found for the years 2006-2010 & 2012.
