GRAIN SCIENCE

ABOUT

Spend your spring break in London, Manchester & Edinburgh, examining UK grain processing and meeting with industry professionals! Visit processing facilities such as GR Wright and Sons Flour Mills, Fullers Brewing, Port of Leith Distillery, ADM Milling and Johnnie Walker Distillery. Participants on this program will have the opportunity to meet with UK Flour Millers, the trade organization for all the flour mills in the UK, engage with Buhler UK, and do optical sorting training with Satake Europe in Manchester.
